

ABLOY® PADLOCKS

LOCKING PLATES

- for frame fixing
- material zinc-plated, polyester-coated case-hardened steel
- fixing screws included

PL200, PL202

- 12 mm shackle hole
- Grade 3
- PL200 for right-handed doors
- PL202 for left-handed doors

PL201, PL203

- 18 mm shackle hole
- Grade 4
- PL201 for right-handed doors
- PL203 for left-handed doors

PL204

- 12 mm shackle hole
- Non-handed

UNIQUE FEATURES AND BENEFITS

Maximum resistance against corrosion

The unique surface treatments used by **ABLOY®** guarantee that the corrosion resistance of both the visible parts and internal parts of each lock is at the highest possible level. **ABLOY®** padlocks are recommended as the best products for the naval environments and coastal locations.

Reliable function in all conditions

ABLOY® padlocks are widely used by governments, utility and national transportation organizations as all the component parts are highly resistant to wear, dirt, moisture, corrosion and freezing. **ABLOY®** padlocks do not contain springs or parts which could jam.

PROVEN DURABILITY

ABLOY® padlocks have been designed and manufactured to not only meet the requirements of the EN12320 padlock standard but exceed as the requirements of our own tests are significantly higher. **ABLOY®** padlocks continued to operate smoothly throughout exhaustive durability tests such as the acetic acid saltspray test - they are therefore the best possible alternative for use in unprotected locations where the environmental conditions are severe.

All our operations are qualified with the ISO9001 and ISO14001 certifications.

ABLOY® COMPLETE RANGE

ABLOY® offers a complete range of high security products for door environment. The unique **ABLOY®** detainer disc cylinder mechanism offers extensive masterkeying possibilities due to several million different key combinations available. All **ABLOY®** cylinder products from door locks, cam locks and furniture locks to padlocks can be made to operate with just one key.

ABLOY® PADLOCK RANGE

PL362 STEEL PADLOCK WITH RAISED SHOULDERS

Case-hardened steel body with raised shoulders, 15 mm case hardened boron steel shackle and a top loaded cylinder provide the highest level of security and protection. Applications include containers, train wagons, trucks, lorries, heavy sliding doors, military applications etc.

PL350 STEEL PADLOCK

Case-hardened steel body with 14 mm case hardened boron steel shackle provide tough protection for high security applications like containers, train wagons, trucks, warehouses etc.

PL342 STEEL PADLOCK WITH RAISED SHOULDERS

By extending the case-hardened steel body to surround the 10 mm case hardened boron steel shackle we have made this padlock virtually impregnable against attack by cutting and prying tools. Suitable for heavy sliding doors, train wagons, trucks, warehouses etc.

PL340 STEEL PADLOCK

Extra strong padlocks with 10 mm hardened boron steel shackle for e.g. construction equipment, tractor trailers and remote storage areas, trucks, storage pins, roller-shutter doors and warehouses.

PL341 BRASS PADLOCK

A strong padlock with 10 mm hardened boron steel shackle for storage doors, gates and windows as well as trailers, protective bars, storage lockers, boats, roller-shutter doors etc.

PL330

BRASS PADLOCK

An all-purpose padlock with 8 mm hardened boron steel shackle for storage doors, motorcycles, gates, trailers, power station switches etc.

PL321 BRASS PADLOCK

An all-purpose padlock with 5 mm stainless steel shackle for storage doors, motorcycles, gates, trailers, power station switches etc.

PL320

BRASS PADLOCK

A multi-purpose padlock with 5 mm stainless steel shackle for cash boxes, tool boxes, storage cabins, light machinery and lockers.

3020, 3021 BRASS PADLOCK

This general purpose padlock with a die cast, compact brass body and 7 mm case-hardened boron steel shackle is furnished with raised shoulders to provide added strength and shackle clearance. Cost effective product for boats, bicycles, power station switches, tool boxes and storage sheds.

PL318

DIE-CASTED ZINC PADLOCK

A multi-purpose padlock with 6,5 mm chrome plated steel shackle and die-casted lock body with coloured plastic cover. The options of colour for plastic cover are dark blue/light blue, green/violet and yellow/black. Cost effective product preferably for indoor use eg. cabinets and tool boxes.

ACCESSORIES

Covers

- 805649 for PL340 and PL341
- 802897 and 808248 for PL330
- 802858 for PL350

Chains

- 805649 for a 8 mm shackle
- 805351 for a 10 mm shackle
