

Mixa/3 Fitair

Docce dal design superpiatto e diffusori dal diametro grande, erogano un getto ampio ed avvolgente.

Grazie alla geniale tecnologia Venturi, applicata alle docce Mixa/3 Fitair di Bossini, lo spreco di acqua ed energia si riducono facilmente fino al 50%, rispetto ad una doccia tradizionale, pur garantendo il massimo comfort. Miscelata con l'aria, l'acqua fuoriesce creando un effetto morbido o vigoroso a seconda del tipo di getto.

Super-slim design handshowers and an extraordinarily large shower head, deliver a drenching all-round jet for an invigorating shower. Thanks to the brilliant Venturi technology, employed in the Bossini Mixa/3 Fitair handshowers, the water consumption are easily reduced up to 50% compared with a traditional handshower, still granting the maximum comfort. Mixed with air, the water released becomes softer or harder, depending on the spray mode – and your daily shower becomes a feast for the senses.
